Additional software used: HashCheck, MaxMD Direct API, MaxMD Direct mdEmail

Additional costs:

- The MDCare EMR/PMS certified EHR is a complete solution and is available to new customers either through a Cloud-based solution that includes hosting and implementation for a monthly fee; cost is per provider and also through a license-based solution for a one-time software license fee per provider with additional fees for implementation. Additionally, there is a supplemental monthly support & maintenance cost.
- All MDCare EMR/PMS customers will receive new versions of MDCare EMR/PMS as a no-charge update.
- Incremental costs that an eligible provider would pay to implement MDCare EMR/PMS in order to meet meaningful use objectives and measures may include:
 1. One-time costs to establish interfaces for outgoing lab orders, inbound lab results, HIEs, registries, and other public health agencies
 2. Ongoing monthly costs to support online patient service, secure direct messaging, and interfaces for HIEs, registries, and public health agencies (170.315.b.1, 170.315.b.4, 170.315.b.5, 170.315.e.3)
 3. There may be additional agreements that an Eligible provider must enter with a third-party vendor (such as a clearinghouse company, lab company, etc.) depending on the customer's needs.
